

# Design-Based Implementation Research

Great strides are being made in education research.

But challenges persist.

The concerns and wisdom of practice is not making its way into research.

▶ DBIR is one attempt to bridge that gap. ◀

## William Penuel, PhD

- Professor of Learning Sciences and Human Development at the University of Colorado-Boulder;
- Founding member of a research-practice partnership with Denver Public Schools that began in 2007, and continues today;
- Principal Investigator of the National Center for Research in Policy and Practice, an IES-funded center focused on how school and district leaders use research

**Thursday, October 13, 2016**

**4:00–5:30 pm**

**Danforth University Center, Room 233**

**Danforth Campus**

**Reception before talk**

\*RSVP for talk at [schoolpartnership.wustl.edu/events/design-based-implementation-research](http://schoolpartnership.wustl.edu/events/design-based-implementation-research)

Talk applicable to educational researchers, graduate students, school administrators, teachers and education funders.
